

## Magazine

The current Pro-Angler Magazine (includes 2009/10 catalogue) and is published once a year.

We are so excited to be able to present to you our latest 2009/10 magazine catalogue.

Going from a three page fold in the initial years to this, is obviously a very big step for us. From a personal point of view I am extremely proud of the effort that all our staff and everyone associated with Pro-Angler that certainly helped catapult its success.

So, with further issues of our magazine, we will look to inform you of better techniques to make you more successful. But, more importantly, improving Australian fly fishing for future generations.

With Stalker being Australian, we are very proud and patriotic with the launch of our NEW Aire Series Fly Rods, Guide Duo Breather Waders, Aire Travel Bag and our latest Stalker Clothing Range.

So, with further publications of our magazine, we will look to pass these on and inform you of better techniques to make you more successful. But, more importantly, improving Australian fly fishing for future generations.
