The Alpine
High Country Trout Fishing Specialists.

Angling Expeditions Victoria is a professional ‘sportfishing for wild trout’ enterprise, providing high quality guiding services and popular “Fly Fishing For Beginners“ activities for all ages

We .are based in the heart of Victoria’s alpine high country at Tawonga, which is close to Mount Bogong, 350 kms northeast of Melbourne and 85 kms south of Albury/Wodonga. As part of a complete flyfishing experience, we provide comfortable twin share accommodation and family style meals at Tawonga Fishing lodge in the Upper Kiewa Valley. Also, campouts and overnight backpack treks into wilderness areas for the more adventurous.

Fly fishing equipment and accessories are provided for each angler or BYO. We specialise in flyfishing for wild-bred brown and rainbow trout in crystal clear streams, high in the alps and surrounds, where the trout are plentiful and tough fighters. We also fish the many sub-alpine rivers which flow from almost every mountain in the area. Especially during winter, we provide a very unique service for anglers, fly fishing for Atlantic and Chinook Salmon in private waters. Flyfishing is easy to learn and great fun for everybody

We operate part, half and whole day trips for beginners every day in the fishing season, especially during school holidays, These outings are ideal for families and couples on vacation in the area looking for something different to try. We also offer pre-paid Gift Certificates for all our packages and services which can be used at any time and make an interesting present for that somebody special.
